DIRECTOR OF CENTRAL INTELLIGENCE  
**Security Committee**

SECOM-D-006

9 January 1984

MEMORANDUM FOR: Chairman, SECOM Compartmentation Subcommittee

FROM:

[Redacted]

Chairman

SUBJECT: Contractor SCI Security Practices

1. The attached copy of a newspaper advertisement was brought to my attention late last year as an illustration of a questionable security practice. Similar advertisements overtly seeking employment applications by persons holding SCI accesses have been noted in other newspapers.

2. You are requested to have your subcommittee review this practice to determine how widespread it has become, and whether it poses a security problem requiring SECOM consideration. If new security policy guidance is needed to deal with this matter, please include appropriate recommendations. A report is requested by 7 March 1984.
